

THE CHOUGH

Date: Friday 21st October 2022

Dear Parents and Carers,

This week has been a busy and exciting week here at Treloweth. We are so pleased that so many children are enjoying our extra-curricular clubs- from stretch, netball and yoga to chess, computing and drawing. We do hope that your child is enjoying our curriculum enrichment activities and hope to continue to offer such varied and interesting clubs throughout the year. It is also wonderful to see so many children joining us for our early morning physical activity class with Mr Shaughnessy- it really helps the children warm up for their learning!

IMPORTANT DATES:

Parents evenings:

Week beginning 28th November

Christmas bingo: 5th and 6th December 3.30pm

Years 1, 2, 3 Christmas Performance: Monday 12th December 2pm and 5.30pm

THE CHOUGH

Thank you to all of you for continuing to support your child with their home learning during this half term. We have seen lots of fantastic reading progress and achievements, and some incredible successes on Maths Whizz too- well done everyone, keep it up!

Next half term, we are looking forward to welcoming you into school for our autumn parental consultation meetings, our annual Christmas bingo evenings and the Christmas performances. More information about these events will follow after half term.

Have a wonderful week and we look forward to seeing the children back in school on Monday 31st October.

Best wishes,

Mrs Rogers

SPORTS NEWS

Crofty Football League

Treloweth 2 Weeth 1

Fantastic win for the Treloweth football team tonight, winning 2-1 against a very good Weeth team.

Goals coming from Jaxon & Filip.

Treloweth remain unbeaten in the league, 2 wins from 2.

Well done team!

Mr Shaughnessy

Rainbows and Sunbeams

We have enjoyed collecting leaves and flowers as part of our Science learning and then created some wonderful portraits.

Year 1

This week in Year 1, we have been learning about different measures including height, weight and length. We have also been working hard during our Mastering Number sessions to learn our number doubles.

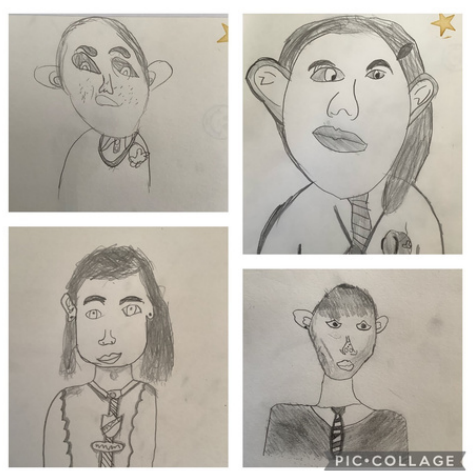

Year 2

This week in Year 2 we have been learning to find the difference using pictograms. We created our own giant pictogram and used it to answer tricky questions. Super learning!

Year 3

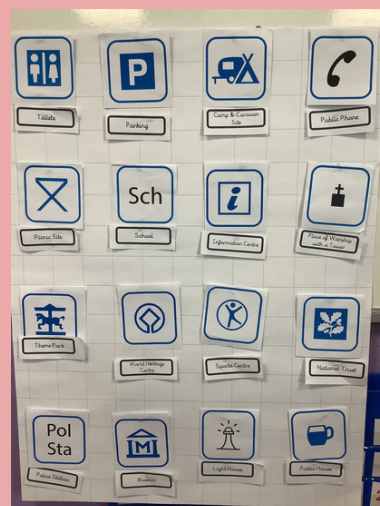

In art this week, we have been developing our drawing skills and techniques by using a variety of pencil effects to draw a portrait. We learned the basic proportions of the face and looked carefully at the light source so that we could create a 3D effect. We have some truly incredible artists in year 3!

Year 4

In Geography, 4L and 4F have been learning the different OS symbols found on maps. After learning the symbols, we used them to find these features on maps from various locations. Great map skills year 4!

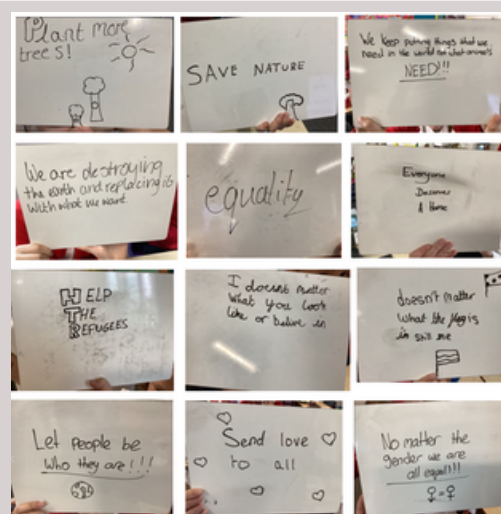

Year 5

In our science lesson this week, year 5 have been dissecting flowering plants to discover which parts are responsible for reproduction. We used microscopes to observe the pollen on the anther, and opened up the plant to view the ovules. We definitely have some budding botanists!

Year 6

This week in art, Year 6 have been looking at different works of art and thinking about the deeper meaning behind them. We had a classroom debate to discuss our thoughts and talked about how people may not always see the same thing. Next lesson, we will be making our own piece of art, inspired by our research.
