# THE CHOUGH

Year 5 had a visit from the police, who spoke about antisocial behaviour and the importance of being kind and responsible citizens in our community. Meanwhile, Year 6 took a fascinating trip to East Pool Mine, where they explored how WW2 impacted the mines and their vital role during that time—fueling their curiosity about our local history.

Today, we celebrated World Book Day in the comfiest way possible! While we always love seeing costumes, there was something special about everyone curling up in cosy clothes with a good book. To make the day even more meaningful, we linked it with National Careers Week by welcoming volunteers from many professions—a paramedic, a helicopter pilot, Father Peter, and even the CEO of Crofty—to read with our children and share their journeys. This was a wonderful way to inspire curiosity about future aspirations while making connections with our wider community.

During assembly, we also celebrated our newest Word Millionaires—a fantastic achievement that showcases a love of reading and will support their learning in the future. A huge thank you to everyone who helped make this week so special. We are incredibly proud of our children for their enthusiasm, kindness, and eagerness to learn!

Best wishes,

Mrs French

## WORLD BOOK DAY

Thank you to all parents and carers for their support with costumes/outfits today. Also, a huge thank you to Miss Irons for organising the reading events today and to all of our wonderful volunteers for giving their time to read to our children.

THIS WEEK'S WINNING TEAM:  **GEEVOR!**

### Rainbows and Sunbeams

This week in EYFS, we have been learning about Cornwall.

### Year 1

This week in Year 1 we have had a great time during music. The children have been improvising their own rhythmic patterns and performed them to the class.

### Year 2

This week in Year 2, we have been learning about micro habitats. This is a smaller habitat inside another habitat. We looked for micro habitats in the field so see what bugs we could find.

### Year 3

Year 3 have concluded their History learning on the Stone Age, Bronze Age and Iron Age by making their own fires in groups!

## Year 4

This week in science, to finish out unit on sounds, year 4 have been researching animals that can detect faint sounds and produce loud noises.

## Year 5

In Year 5 this week, we were visited by two police officers to talk about the role of the police in our local community, and nationally. The children were encouraged to ask questions and to start to plan a community project.

## Year 6

Year 6 visited East Pool Mine this week to learn about World War 2 and its connection to our mining past.
