

# THE CHOUGH

CURIOUS

KIND

CONNECTED

## This Week at Treloweth - Living Our Values: Curious, Kind, and Connected

This week has been a fantastic opportunity for our children to explore new ideas, develop their understanding of the world, and connect with others—truly embracing our school values of curious, kind, and connected.

Our Year 2 children visited the church, where the Rector shared the story of Easter, helping them reflect on its meaning and traditions. Their curiosity shone through as they asked thoughtful questions and deepened their understanding of this important time in the Christian calendar.

## IMPORTANT DATES:

Last day of Spring term:  
Friday 4th April.  
(No Chough Club after school on this day)

Bank holiday -  
Monday 21st April.

Back to school -  
Tuesday 22nd April.

Notice: Treloweth Primary School distributes fliers and magazines offering family services or posts details of local activities on the newsletter. Whilst we think that parents might like the information and find it useful, the school does not necessarily endorse these services.

# THE CHOUGH

On Wednesday, some of our Key Stage 2 girls attended the Tech She Can event in Summercourt, spending the day problem-solving and coding. It was wonderful to see them developing their confidence in technology and working collaboratively to find creative solutions.

Yesterday, the whole school took part in a Trust-wide broadcast about our first parliamentary election, learning about democracy and the importance of having a voice. In the afternoon, the children cast their votes on whether to establish a Trust Choir or a Trust Chosen Charity. Today, four of our pupils travelled to the Trust's central offices to help count the votes alongside children from other schools. We now eagerly await the final decision!

A huge well done to all of our children for their enthusiasm and engagement this week. Whether learning about Easter, embracing technology, or taking part in democracy, they have shown just how curious, kind, and connected they truly are!

As ever, please do contact one of the team if you have any questions or concerns.

Warm wishes

Mrs French

## DIAMONDS OF THE WEEK

Next Friday (4th April) is our Diamond Day, and this term's theme is STEM - Science, Technology, Engineering, and Mathematics. The children will get more information next week-parents do not need to do anything. We are super excited about this! Photos will be shared as soon as possible after the event.

# THE CHOUGH

## TALKING ASSEMBLY QUESTION:

Should children set their own bedtimes?

## MATHS WHIZZ CHAMPIONS OF THE WEEK

# WELL DONE 3H!

### HOUSE POINT RESULTS

	28/2	7/3	14/3	21/3	28/3	4/4
Poldark	189	302	352	348	284	
Botallack	199	216	<b>463</b>	<b>406</b>	253	
Geevor	<b>208</b>	<b>362</b>	296	392	329	
Poldice	192	318	370	347	<b>338</b>	

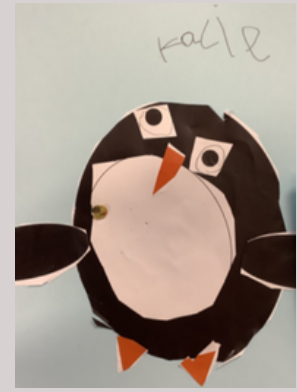

THIS WEEK'S WINNING TEAM: **POLDICE!**

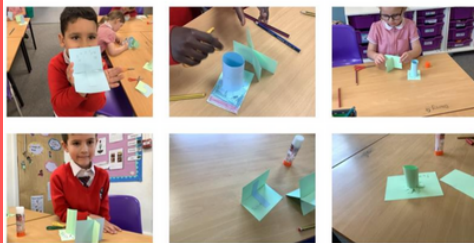

## Rainbows and Sunbeams

Rainbows and Sunbeams have been loving Drawing club. This week our focus text has been Pingu. We have enjoyed bringing new vocabulary to life and creating new adventures of our own about the characters and setting.

## Year 1

The Year 1 children are having a fantastic time in D&T, exploring their creativity as they design and build their own free-standing structures. They are learning about stability and design, while having lots of fun bringing their ideas to life!

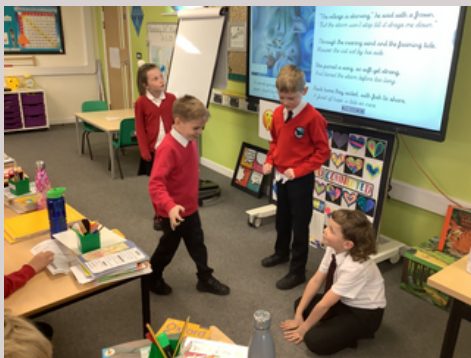

## Year 2

In year 2 this week we have been learning about Talavera tiles. They are made with clay that is only found in Puebla, a town in Mexico. We have started to make our own clay tile. After the Easter holiday we will be learning more about Mexico in geography.

## Year 3

We have been enjoying learning about narrative poetry in year 3 this week. We have taken inspiration from The Mousehole Cat to perform a poem and create rhyming couplets.

## Year 4

This week in D&T, year 4 made fruit kebabs after learning two chopping techniques: the claw and the bridge.

## Year 5

This week, Year 5 learnt about the Ancient Mayan custom of death masks. These were made to protect a person on their journey to the afterlife. 5W used the lesson to invite parents in, to take part. As you can see we have some very talented children and parents in Year 5!

## Year 6

Year 6 have been using drama to think deeply about the characters of The Invention of Hugo Cabret. They showed some great acting skills...and had plenty of giggles!
